DETAILED ACTION

Response to Arguments

1. Applicant's arguments, filed 2/23/10, with respect to claims 1,7 and 8 have been fully considered and are persuasive. The rejection of claim 1,7 and 8 has been withdrawn.

Allowable Subject Matter

2. Claims 1-8 are allowed.

3. The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 8, prior art Ura (EP 1 278 396) discloses a howling detector, comprising: a frequency analyzing section for dividing a time signal into a plurality of frequency band signals (103, Figure 1; abstract); a level calculating section for calculating a level of each of the plurality of frequency band signals output from the frequency analyzing section over a time period defining a time progression (105, Figure 1; see abstract); a howling detecting section for analyzing the level calculated by the level calculating section and outputting a howling detection signal indicating deciding whether howling is detected or not (105, Figure 1; abstract); and a howling deciding section for receiving the howling detection signal, deciding whether howling occurs or not based on decision results of the howling detecting section (104, Figure 1; see abstract); Prior art Nakama et al. (JP 05-188977) discloses a noise controller.

Art Unit: 2614

The prior art or combination thereof fails to disclose or make obvious wherein the howling decision step or section decides howling occurs when the howling detection signal indicates howling is detected and the periodic detection signal indicates that the time progression of the level calculated by the level calculating section does not have periodicity.

Claims 2-7 are allowed due to dependency on claim 1.

.It would have been obvious to modify Ura as modified by incorporating a periodic.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
